

THE DEMENTIA LEAGUE

Help Build the Wall Against Dementia

Every brick is a gift and a name.

Honor someone you love with a virtual brick: their name, a short story and a photo. It joins a 3D wall around a stone sculpture that anyone can visit, read and share.

The Wall Against Dementia

Two people with dementia hold each other at its heart, and a ring of named bricks rises around them. The wall is our vow: we will protect them, and protect ourselves, by making educated choices about the risk factors we can change.

Move. Think. Nourish. Hold the line.
